

Glen Johnson Community and Training Center

The Glen Johnson Community and Training Center is the ideal setting for corporate groups, non-profit organizations, clubs and professional societies seeking a functional learning environment complete with the instructional technology to make any event a success.

East Training Room for Effective Plenary Sessions

The east training room seats learning events of up to 50 people and is equipped for technology-based presentations with double projection for ease of viewing.

Smaller Group Learning Space

Three smaller learning spaces are available with seating for between 12 and 18 learners each. Each break-out room is equipped with an interactive SMART Board and accessibility ports for the instructor's notebook computer.

Glen Johnson Community and Training Center

Interactive Distance Learning (IDL) through Synchronous Video Conferencing

With seating for up to 24 learners, our IDL room is equipped with the latest Polycom™ Interactive Videoconferencing Technology and a movable SMART™ Symposium® which allows learners at remote sites to view PowerPoint presentations as well as whiteboard work, from a distance. Connections to remote sites are made simple through a wall-mounted touchscreen Crestron™ control panel.

Flexible Reception Area and Serving Facilities

The Glen Johnson Center can accommodate groups up to 80 for sit-down or buffet-style meals. Tables can be configured according to the requirements of our guests. Foodservice is provided by our on-campus vendor AVI Foodservices, Inc. Menus can be customized to fit any educational or social event.
